

Make: Youngmans/Werner

Model: 775 Series

Description: Double 3.00m GRP Trade Double Extension Ladder

Extends from 3.03m and extends to a height of 5.06m

The 77500 series Fibreglass Trade Double Extension Ladders have non-conductive rails making this ladder ideal for working near electricity. The exclusive ALFLO rung joint means TWIST-PROOF performance on the job. The dual action feet are for use on hard or penetrable surfaces and swivel easily. The fly section rails are pre-pierced at the top for easy field installation of accessories. Suitable for trade use.

Features

- Non-conductive fibreglass stiles, ideal for working around electricity
- Moulded foot brace provides enhanced bracing strength and increased protection against damage
- Slip-resistant articulated feet for safe use on uneven ground
- Heavy duty interior rope pulley for easy and safe operation
- ALFLO rung joints offer Twist-Proof performance
- Slip-resistant D rungs for comfort and security
- Semi-automatic locks
- Manual thumb operated locking catch
- Suitable for heavy duty industrial use
- 150kg load capacity suitable for Trade use
