

Make: Hilti

Model: SIW-A14

Description: Cordless Impact Wrench 1/2" Battery 14V

TECHNICAL DATA

Cordless impact wrench SIW – A14 1/2"

Anvil type 1/2" through hole

Maximum torque
Setting 1 = 80 Nm
Setting 2 = 120Nm
Setting 3 = 185Nm

Full hammering frequency 3400 impacts/minute

Number of gears 3

Dimensions (LxWxH) 154 x 81 x 228 mm

Tool body weight 1.30 kg

A-weighted emission sound pressure level 83 dB (A)²

Rated voltage 14V

¹⁾ Do not use the tool for applications where an exact torque or maximum torque is specified - there is a risk of over-tightening and damaging the screw or workpiece.
