

Description:

The Trotec Evaporative Coolers use the 'evaporation reduces heat' principle. It uses cooling pads as an evaporator which not only reduces heat but also filters dust from the air and improves air quality.

Evaporative air coolers are energy efficient so you can be sure that it is going to be cost effective.

Product Code: PAE 81

Specification:

- Power Supply: 240v 50Hz
- Evaporation Capacity: 2.8 l/hr
- Cooling Capacity: 80m² - 200m³
- Air Volume: 1000 m³/h
- Power: 125W
- Cooling Effect: 4 - 12 °C
- Noise Level: ≤59 DbA
- Fan Type: Radial – 4 speed
- Water Tank Capacity: 60L
- Operating Temperature: 5 – 43°C
- Dimensions: 405 x 395 x 1115mm
- Mains Cable: 2m
- Weight: 18kg

1000m³/h

REMOTE CONTROL

Benefits

- 4 in 1 air cooler: air cooling, air freshening, air purification, air humidification
- Natural air cooling through evaporative cooling.
- Supplied with 4 ice packs for increased cooling effect
- 3 different water filling options – convenient and easy.
- Automatic swing function for maximum and even room distribution.
- Air filter included and easy clean water tank.
- Remote control operation.
- 15 – hour timer function for automatic operation
- Compact storage
- Water level indicator
