

**Model: Trelawny
Model: VL203**

Description: Air Needle Gun Scaler “Low Vibration”

This air driven needle gun does a thorough job of exposing reinforcing steel, removing residues from formwork, cleaning metal and moulded parts, roughing stone and concrete. Always use an In Line Oil Lubricator and Moisture Separator with these tools. Attach the In Line Oiler Lubricator as close to the tool as practical.

The VL203 Pistol Grip Medium Duty Scaler Features:

- Medium duty low vibration pistol grip style scaler
- Light weight, easy to handle
- Requires no additional tools for changing needles
- Reduced vibration, lowers risk of vibration related injuries and improves operator control

Specification

Manufacturer Part No.	139.2003
Vibro Lo	Yes
Vibration Level	2.56m/s ²
Blows Per Minute	2400
Needle Quantity	19 x 3mm (fitted as standard), 51 x 2mm
Air Consumption	1.89 lps (4cfm)
Hose Size	3/8 inch (10 mm)
Connection Thread	1/4 inch BSP
Dimensions (mm)	Length: 340 mm
Noise Level LwA db(A)	90.7 db(A)
Weight (kg)	2.7700
